

QUALITY POLICY STATEMENT

Siderise Insulation Ltd specialises in the design and manufacture of products for use in fire compartmentation, noise control and thermal insulation.

The management team of Siderise Insulation Ltd fully recognise the need for the products and services supplied by the company to be of the highest quality.

The Company operates an externally accredited Integrated Management System, which is designed to support the management of the business, to ensure that high and consistent levels of quality and service are maintained, while constantly raising standards through the process of continuous improvement.

Siderise is committed to:

- **Quality Excellence:** We are dedicated to manufacturing fire compartmentation, noise control and thermal insulation products that meet or exceed industry standards and regulatory requirements. Our commitment to quality excellence is unwavering and we strive for continuous improvement in all aspects of our operations.
- **Customer Satisfaction:** Our customers are at the centre of our business. We are committed to understanding their needs and expectations, delivering products that fulfil those requirements and providing exceptional service and support throughout our engagement.
- **Continuous Development:** We acknowledge that the construction industry is constantly evolving and the fire safety standards are continuously updated. We are dedicated to staying at the forefront of industry advancements, including materials, technology, and processes, to ensure our products remain cutting-edge and effective.
- **Investment in People:** We believe that our employees are our most valuable asset. We are committed to providing a safe, inclusive and empowering work environment that fosters innovation, teamwork, and personal growth. We encourage continuous training and development for our staff to enhance their skills and knowledge.
- **Compliance:** We adhere to all relevant laws, regulations and standards related to our products and operations. We conduct our business ethically and responsibly, prioritizing safety, environmental sustainability and social responsibility.
- **Quality Objectives:** We establish and regularly review quality objectives that are measurable, achievable and aligned with our overall business goals. These objectives serve as benchmarks for our continuous improvement efforts.
- **Supplier Partnerships:** We collaborate closely with our suppliers to ensure the quality and reliability of the materials and components used in our products. We select suppliers who share our commitment to quality and sustainability.
- **Risk Management:** We identify, assess and mitigate risks that could impact the quality of our products and services. Our risk management processes are integrated into our quality management system.

This Quality Policy is the foundation of our quality management system and every member of the Siderise team is responsible for its implementation and continuous improvement. We are dedicated to achieving the highest levels of quality and safety in our products while investing in the development and well-being of our people.
